

## 關於 我們

### About US

探索基因有限公司實驗室及數據分析中心位於香港科學園，採用最先進的基因測序技術，提供專業及精準檢測服務

The laboratory and data center of Gene Discovery Company Limited are located in Hong Kong Science Park where we use the most advance technologies to provide high-quality standard of genetic testing and accurate results

採用國際權威基因數據庫，針對亞洲人種特性分析研究，提供全面個人化基因檢測報告

All data analysis based on verified international genetic databases and Asian population especially Chinese, provided comprehensive and personalised report

全自動化數據分析及報告處理系統，縮短報告時間及避免人工出錯機會

Fully automated data analysis and reporting system, shorten the turnaround time and avoid human errors

擁有來自世界各地的科研團隊，提供專業可靠的檢測服務

A strong expert team from the east to the west

榮獲多項國際知名科技協會認可資格，包括美國病理學家協會CAP實驗室認證及美國臨床實驗室改進法案認證，檢測技術達世界級水平

Recognized and accredited by international associations of science and technology including the College of American Pathologists (CAP) and Clinical Laboratory Improvement Amendments

**天賦** 的起跑線

The Winning Of  
**YOUR TALENT**

天賦檢測  
**對兒童成長的重要性**

The importance of genetic testing for **CHILDREN**

- 加深認識孩子天賦特質，重點培養，發揮所長  
Provide a useful guide for children future development based on the analytical results
- 了解孩子性格，加強親子關係  
Understanding children personality in order to improve the relationship
- 預防一些遺傳性疾病發生，及早尋求專業人士協助，避免病情進一步惡化  
Early detect and avoid from any hereditary problems
- 了解孩子營養吸收情況，制定適合的餐單  
Understanding children's nutrition intake and metabolism, provide better diet if necessary
- 避免錯誤選擇活動，浪費資源和時間  
Avoid the waste of resources and time by selecting improper activities
